Features

- Paper Waste Clean quickly absorbs dirt such as oil and large quantities of water and unlike cloth there are no waste threads.
- Even when wet with water it remains supple and strong, it's really useful.
- With less fluff and paper dust, static electricity is unlikely so Paper Waste Clean can be used with peace of mind in many types of factory and food production facilities.
- No binders are used in this 4 ply pressure embossed thick type wipe, it'll wipe off even the most stubborn dirt.
- Some accidents involving machinery and moving parts might be avoided because, unlike cloth, paper is easily cut.
- Paper Waste Clean is disposable so it's hygienic, use it with confidence.
- Made from 100% natural pulp means waste disposal is easy too.
